10:04am, Thurs, Feb 5, 2015 by Lisa

Good morning.

10:18am, Thurs, Feb 5, 2015 by Ps

We all said similar things just in different ways.

10:18am, Thurs, Feb 5, 2015 by Kari-St.Als

All frustrations and opportunities are consistent across the district

10:18am, Thurs, Feb 5, 2015 by Andrea

I'm listening!

10:18am, Thurs, Feb 5, 2015 by Peadar

What we have control of in our buildings are light. The outside influences that we do not control are shadows.

10:18am, Thurs, Feb 5, 2015 by Liz-RCS

Kids overshare. Don't have their own filter yet.

10:18am, Thurs, Feb 5, 2015 by Debbie

Frustrations always came back to laziness and the demand for entertainment.

10:18am, Thurs, Feb 5, 2015 by Rachael

A lot of similar thoughts about accountability and wanting "right there, right now" answers and solutions.

10:18am, Thurs, Feb 5, 2015 by TaraGoff

Many of us are all on the same page.

10:19am, Thurs, Feb 5, 2015 by Ps

Looks on track

10:19am, Thurs, Feb 5, 2015 by Patrick-DMCS

Our kids have a global perspective. Lots of opportunity!

10:19am, Thurs, Feb 5, 2015 by Debbie

Smile!

10:19am, Thurs, Feb 5, 2015 by Father

No surprise that we have similar challenges and joys.

10:19am, Thurs, Feb 5, 2015 by celebrateHim

There were a lot of similar thoughts.

10:19am, Thurs, Feb 5, 2015 by Aeva

We view tech tools differently than our students see it.

10:20am, Thurs, Feb 5, 2015 by Michael-NDA

So many positives and negatives related to technology. You really need to balance things between the building, staff, students & parents.

10:20am, Thurs, Feb 5, 2015 by Me

Urban,suburban or rural, challenges are similar.

10:20am, Thurs, Feb 5, 2015 by Ck

whatsap --free texting app that works on iPhones and androids

10:30am, Thurs, Feb 5, 2015 by Kristin

10:32am, Thurs, Feb 5, 2015 by MRogers

How do your school parents seem to feel about Facebook?

10:33am, Thurs, Feb 5, 2015 by Kristin

Ask.fm is another one that seems popular.

10:34am, Thurs, Feb 5, 2015 by MRogers

Survey your students every year--how are they using technology.

10:55am, Thurs, Feb 5, 2015 by Me

Constantly having the ability to interrupt another person by making their phone beep.

10:55am, Thurs, Feb 5, 2015 by Mrogers

Introduces the possibility of miscommunication because of the lack of visual cues.

10:56am, Thurs, Feb 5, 2015 by Melinda

Challenges understanding as email and text can be misunderstood.

10:56am, Thurs, Feb 5, 2015 by Me

Everything is attached to a photo

10:56am, Thurs, Feb 5, 2015 by mindy

Student "conversation skills" are digital, making text a more comfortable/fast communication

10:57am, Thurs, Feb 5, 2015 by Patrick-BTCS

Our safety curriculum should address the "do's" of Instagram, etc. and not focus on the bad and the "dont's" of being online.

10:59am, Thurs, Feb 5, 2015 by Michael-NDA

So, the new "being a friend to the new kid" lessons should include Liking their posts in addition to inviting them to sit with you at lunch.
